

# THE SENTINEL

OREGON, MISSOURI.

Friday, October 19, 1894.

## SUPPLEMENT

### Mill Creek.

—We are glad to see Uncle Sam Foster around again.

—Mr. Abe Fletcher had a fine shepherd dog stolen last week.

—Several young people of our district are attending the revival services at the M. E. church in Oregon, this week.

—Our peaceful midnight slumbers are nightly disturbed by the coon dog's bay and the happy voice of the hunter as he trees his game.

—The program of the literary society Thursday night was good. The debate was animated. The question was, Resolved, That this Country owes its Greatness more to its form of Government than to its Geographical Position. Affirmative, Barney Kunkel and John Stout; negative, John Morris, Jacob King and John Kunkel. Decision in favor of the affirmative. Question for next night, Resolved, That the Ancients were more Wise than the Moderns. Affirmative, B. Kunkel and Jacob King; negative, Lucy Stout and Ed Fiegenbaum.

### Literary Notes.

—The president was absent.

—The order could be improved.

—Let every one be prepared next night.

—Jake King made some good points on government after the debate.

—John Morris gave an excellent talk on the success of a literary society.

—Tom Foster's guitar looked lonesome. We will expect Tom to accompany it next time.

—We will be assisted in our efforts by students from the Oregon high school and by the teachers from the surrounding districts.

FRANK.

### Fortescue.

Wonder why J. C. Hinkle does not accompany his great horse when out on exhibition.

—Len Hill's hack like makes close connections with trains from this station to Big Lake.

—The apple harvest is nearly over in this vicinity and it has been the largest ever gathered here.

—We are sorry to report the death of one of Mr. and Mrs. Jas. Romme's twin boys, aged 18 months.

—Wonder why Jake Book should be unloaded off the passenger train 1/2 mile from station like dead freight.

—A supply agent is manipulating the wires and R. R. B. at this station this week, the agent, Mr. Gray, being off on a sick leave.

—Russell E. Bush and wife leave us this week to visit their sons in Illinois. We are sorry to bid adieu to them as they are aged people and may not return. Had he remained here until election day he would have cast his vote with the Republicans. The Democratic pension policy being the prime cause.

S. O. B.

### Marion.

—Mr. Lentz lost a fine mule last week.

—The farmers are getting ready for cribbing corn.

—J. C. Morris is putting in an arched cave on the home place.

—Mr. and Mrs. Abplanalp were visiting near Mound City, last Thursday.

—Protracted meeting is now in progress, held by Rev. Kunkel. The meetings are well attended.

—Quite a number of wild turkeys have been recently killed by the young hunters of this neighborhood.

—Quite a large crowd gathered at the mill Sunday to witness the baptism of ten of the Holiness converts.

—Report of the Marion school for the month, ending Oct. 12: Number of pupils enrolled during the month, 36; average daily attendance, 32; average number of days attended by each pupil, 18; number of cases of tardiness, 32; those not absent nor tardy during the month, Anna, Cora, Laura and Charlie Abplanalp, Adam Schein, Clyde and Ottilie Dirst, Harry Pollock and Merle Clark.

Peggy.

THE action of the Maitland convention was worthy of the high intelligence of the party. It was the work of a prudent, patriotic, deliberative body. It was taken only after the most mature deliberation and without even the color of pre-arrangement.

### Forest City.

—Miss Frankie Wylie is visiting with friends in Falls City, Neb.

—Mrs. D. S. Alkire was visiting friends and acquaintances in Oregon, Friday of last week.

—The Fairbury nursery, of Jefferson county, Nebraska, was delivering fruit trees and other nursery stock here on Friday and Saturday of last week. G. M. Waddle and Pres. Coots both had large orders. It is a strange thing, but nevertheless true, that there are many persons in this county who have lived here and owned land some we know for twenty years—and have not a fruit tree on their land.

—The removal of the Forest City Independent to Oregon was quite a surprise to some of our citizens. The position of a small town paper is of a secondary matter, but if it be Democratic we can think of no reason why the "long felt want" could not be filled from here as elsewhere. An excellent opportunity is offered here for any one who is anxious to embark in the newspaper business. No doubt there is millions in it.

—Mrs. Maude Pope, of Blue Hill, Neb., is visiting with her parents, W. H. Williams and wife.

—Mr. W. L. Bennett presented his wife on Tuesday of this week, with a new piano. Mrs. Bennett is an accomplished musician and, no doubt, will prize the gift highly.

—John W. Hill is moving his family to St. Joseph, where it is his intention to make his home. We are sorry to lose Mr. Hill, as he is a good and energetic citizen.

—Our barrel factory is in full blast, turning out about 800 barrels daily, and then cannot supply the demand and have had to ship in two car loads from other places to fill their orders. A stove and barrel factory of sufficient capacity to supply all of northwest Missouri and parts of Kansas, Nebraska and Iowa would be a paying institution. Who will start it.

—The new hotel building is now beginning to show, in good shape, as is also S. J. Schultz's new residence property.

—There are more duck hunters in Corning than candidates on all the tickets in the county. That's saying a good deal.

—John Campbell gave a social to his many little friends Tuesday evening. All unite in saying they had a merry time.

—The public school scholars will give an entertainment soon to raise funds to purchase a chandelier for the school room.

—Some of our younger boys are getting to use very profane language on the streets. Our city marshal should look after them.

—The barb wire in various places in our city should be looked after by the proper authorities, and be removed, as it is very dangerous in slippery weather, especially along sidewalks.

—Joe Wise, county judge, was in our city, last Saturday. He should be re-elected by a handsome majority, and if this section knows itself, it will give Asa Turpin a big majority. Never have we had a more capable man for the position of judge-at-large.

—The railroad company has agreed to put the crossing in on the line between Atchison and Holt counties, just below James Van Gundy's home place. This will increase our city's trade and also made a good improvement on the former road. Judge Wise should have credit for this work.

—A very pretty and happy home wedding occurred at the home of the bride's parents, near this city, on Wednesday, Oct. 3, 1894.

The happy couple was Chas. A. Krutz and Miss Bertha Fink. The ceremony was performed at the Lutheran church of this place, by the pastor, Rev. J. A. Proft.

The young couple are among our very best people and are children of two of our most prosperous farmers. The bride was robed in a lovely dress of pale blue, trim in 4 in white satin. While the groom wore the usual conventional. The happy couple are now at home to their many friends on their farm four miles north of here.

A wave of Republican enthusiasm is spreading over the country which presages a glorious victory in November, and as Republicans we should all feel a just pride in keeping Holt county in the front rank of Republican counties in Bourbon-ridden, moss covered Missouri.
